

Today's Date: \_\_\_\_\_ 2010

Just for today I am \_\_\_\_\_  
 Just for today I need \_\_\_\_\_  
 Just for today I am inspired to \_\_\_\_\_  
 Just for today I celebrate \_\_\_\_\_

**BUDGE-IT FORWARD**

| Tasks I Have to Get Done | √ | Gratitude List |
|--------------------------|---|----------------|
|                          |   |                |
|                          |   |                |
|                          |   |                |
|                          |   |                |
|                          |   |                |
|                          |   |                |
|                          |   |                |
|                          |   |                |
|                          |   |                |
|                          |   |                |

| Intentions Toward My Personal Goals | Accomplishments Toward My Goals |
|-------------------------------------|---------------------------------|
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |
|                                     |                                 |

**APPOINTMENTS**

| Morning | Afternoon | Evening |
|---------|-----------|---------|
|         |           |         |
|         |           |         |
|         |           |         |
|         |           |         |
|         |           |         |
|         |           |         |
|         |           |         |
|         |           |         |
|         |           |         |
|         |           |         |
